## THE BLUES LOSE AGAIN

ST. PAUL WINS THE OPENING GAME IN THEIR HOME TOWN.

Fricken's Good Pitching Responsible -Slagle Did Great Work in the Field and Made a Triple -Other Sports.

St. Paul, Minn., April 29 .- (Special.) St. Paul opened the home season this after-noon by defeating Kansas City in the presence of an audience of 2,500 spectators. Fricken pitched his first game for the Saints and did a remarkably good tob. He nad splendid control, allowing but one free base, and several times pulling himself out of a three balls and no strikes proposition Not only did he pitch good ball but he fielded his position very nicely. Five of the hits credited to the Blues were made in the eighth and ninth innings when the Saints had the game cinched. Pardee hit Saints had the game cinched. Pardee hit two men and gave three bases on balls. The Saints practically won the game in the first, when a base on balls for Miller and a hit by plicher for Glenalvin, after two were out, were followed by errors by Nicholson and McVicker and Shugart's nice hit. Three unearned runs were scored. Two twobaggers in succession by Gillen and Spies, with Fricken's sacrifice, gave the Saints two in the fourth. Singles by Burke and Glenalvin and an out count for the run in the seventh and the one in the ninth was built up in exactly the same way.

Nicholson and Viox singled in the second and Fricken's error and a couple of outs enabled them both to score. No further damage was done until the ninth when oamage was done until the ninth when O'Hagan got first on a line drive to Burke that would have been a home run if Burke had not knocked it down. Slagle followed with a drive for three bases and scored on McVicker's hit. Shugart's fielding was phenomenal and Burke and Slagle divided the outfield honors. The score:

PARKE WILSON SIGNS.

The Veteran New York Catcher Will Join the Blues at St. Paul in a Few Days.

Manager Manning has signed Catcher Parke Wilson, whose release he last week purchased from New York, and the new man will join the team at St. Paul. He will be chosen to captain the Blues. son is not only a good catcher, but a hard hitter, and should prove a valuable acquisi-tion to the Blues. Hausen has played a tion to the Blues. Hausen has played a good game thus far this season, but lacks experience, and the presence of an older and more experienced man behind the plate will lend encouragement and give confidence to the young colts of the team. It is expected that Mike Sullivan, the well known pitcher, will be signed early next week. Sullivan took a law school examination in New York yesterday. He will join the Blues in a short time.

ANOTHER RING FATALITY. "Bull" McCarty, Knocked Out by Grifto, Lingers Unconscious

for Hours. Sacramento, Cal., April 29.-"Bull" Mc-Carty, of Philadelphia, who was defeated by Griffo in a twenty round boxing contest last night, died this evening. He did not regain consciousness after he was knocked out in the twentieth round. Those knocked out in the twentieth round. Those who saw the fight cannot understand how McCarty was fatally injured. There was not a knockdown during the tight until the last round, when McCarty, who was fagged out from his exertions in forcing the fight, went down on his hands and knees from one of Griffo's light blows on the ear. He was soon up, but was too weak to do much, when Griffo gave him another blow that put him out. Griffo was himself tired and his blows seemed to lack steam. McCarthy was a narrow chested, delicate looking young man, and though he appeared fresh after the nineteenth round, it must have been that he had a weak constitution, Griffo left for San Francisco early this morning, but he and his trainers will probably be arrested.

RATE FOR TRANSPORTATION OF VOLUNTEERS TO RENDEZVOUS.

Many of the Roads Favored Rate of 2 Cents Per Mile, but Two of the Lines Refused to Make Such Charge-Railroad Notes.

Chicago, April 29.-There is a strong probability that after all the Western roads will make a rate of 1 cent per mile the rendezvous within the boundary of portation after they have been mustered into the service of the government. This was the original proposition, but some of the roads which were in favor of a rate of 2 cents throughout, made a strong fight for their position, and for a time it seeme likely that the rate would be 2 cents all around. Now, however, two of the leading Western roads have declared that they ing Western roads have declared that they will charge no more than 1 cent for the transportation of the state troops and it is likely that the other roads will follow their example. The mobilization of the troops in the various states is, in the Western states particularly, likely to prove a source of considerable revenue to the roads in the territory of the Western Passenger Association. Some of the Iowa roads have made arrangements to run excursions to Des Moines, where the troops are gathered, and the Rock Island to-day said that it could use twice as many cars as it has available. In Illinois the Alton has announced Sunday excursions to Springfield, and the indications are that they will have just about three times as much business as they can handle.

MOVE TO HOLD UP RATES.

greement Between All Lines to Maintain Normal Tariffs . Will Probably Be Reached.

Local freight representatives seem to be rates at Kansas City. Several meetings have been held within the past few days. without any definite results however, though the representatives of most of the roads are confident that the demoralization roads are confident that the demoralization of freight rates which has occurred during the past few months will be prevented in the future. The actual maintenance of rates depends largely upon the action to be taken by the executive officers, and it is said that a movement is now on foot, with every prospect of success, which will provide for all lines to maintain agreed tariffs and for an early restoration of tauffs on fresh meats and packing house products, grain and grain products. Such an agreement has not been reached as yet, however.

Increased Hours for Santa Fe Shops Topeka, Kas., April 29.—(Special.) On next Monday the working hours at the Santa Fe shops in this city and at all other points on the lines will be increased from forty hours per week to fifty-five hours per week. On the same date several hundred men in the track and bridge and building departments will be put to work on the improvements authorized for the present year by President Ripley, amounting to fully \$1,500,000.

R. F. Atwood to Succeed W. C. Staley.
R. F. Atwood, chief clerk in the general freight office of the Rock Island at Topeka, has been appointed commercial agent of the Rock Island at St. Joseph, to succeed W. C. Staley, who will come to Kausas City May I as general agent of the Rock Island freight department here. Mr. Atwood is a son of the late D. Atwood, who was for many years general freight agent of the Rock Island road with headquarters at Topeka, and one of the best knpwn railroad men in the West.

annual Election of a Mexican Road Denver, Col., April 29.—At the annual meeting of the stockholders of the Mexico, Cuernavaca & Pacific railroad, the old directors and officers were re-elected. J. H. Mr. Dalbey is still suffering from the rheumatism which has troubled him for several weeks, but was greatly improved during his stay at Excelsior Springs.

East bound freight rates continue in a very bad state of demoralization. Plenty of grain is being carried from Chicago to the seaboard at 10 cents, and there seems to be no immediate prospect of the roads securing higher prices; as a large number of contracts have been made at this figure. It will be well into the summer before the matter can be straightened out even if the roads begin the straightening process at once.

The roads of the Central Passenger Association have changed their minds again, regarding the running of the homeseekers excursions. They announced some time ago that they would make rates for this traffic only where other roads would reciprocate by making rates for the Central Passenger committee good in their territory. Now they have decided to make the rates, no matter whether the roads of ther not.

The Chicago Great Western yesterday received notice, which will be received by all lines within the next day or two, that after May I interchangeable mileage book covers will be sold for \$1 instead of 50 cents, as heretofore. The only difference to be made is in the price of the cover, which may be used for renewals of the books for years. The advance occurs because it has been found that the covers, together with the expense of handling them, has cost the railroads more than the 50 cents heretofore charged.

MR. WARD HAS A SCHEME.

Would Not Commission Policemen, but Hold Them Under his Politteal Ax.

him. It has always been the custom lice officers have always been put force "on probation." At the end of six months the officer was either retired or months the officer was either retired or was given a commission. An officer with a commission could not be removed at the caprice of the board, but charges had to be made against him and proven at an open trial before the board before he could be removed. The commissions of all members of the force will expire May 4, and a general reorganization of the force is to occur and it is the plan of at least part of the board that only the best men will be given commissions.

be given commissions.

But Mr. Ward is new in the police commission business and says he sees a chance for reform in his new scheme. He argues that a man with a three-year commission, which cannot be taken from him without a great deal of routine, is likely to become slothful in duty. But if the policeman knew that he could be discharged upon the least infraction of rules or neglect of duty he would be a better officer. Mr. Ward points to the fire department and argues that its efficiency is due largely to the fact that the firemen are not commissioned, but may be discharged at the will of the chief.

Commissioner Ward's political opponents say that his original scheme is a political one, intended to make him and his Democratic associate on the board the autocrats of the police force. They could make it a Democratic force and compel every man, on pain of instant dismissal, to vote as ordered at any primary or election.

The chief obstacle in the way of Commissioner Ward's scheme is that Mayor Jones, the Republican member of the police board, and R. L. Gregory, the other Democratic member of it, each declare that they will not consent to carry it out. The majority rules in the deliberations of the police board and so Mr. Ward will find two to one against his plan.

HE' CHANGED HIS MIND.

When Charley Found Out the Train Would Stop He Said He Didn't Want to Enlist.

eral yeterans were at the depot to see the eral yeterans were at the depot to see the fighters of the new generation. There were also fully 1,000 people at the depot, who waved flags and handkerchiefs and threw hats in the air as the train sped by. About the same time a rumored report was received over the wires that congress had officially declared war. The town went wild with excitement and banners were placed in the windows of a large number of houses and dwellings.

with excitement and banners were placed in the windows of a large number of houses and dwellings.

It had been announced that the trains would not stop, but would shoot through like a skyrocket. A young man that you may call Charley was talking to two girls, whom he was trying to impress with his patriotism. He remarked in very dejected tones that he was sorry the trains would not stop, as he wanted to get aboard and go to war. Agent McKee overhead him, and, winking at the girls, said:

"Do you want to get aboard with the soldiers?"

"Yes," said the youth, "but they won't stop."

But the agent was inclined to be accom-

and I would like to have it said that some went out from Macon, anyway. So I will just go in there and fire the order in."

But the young man insisted that he didn't have his laundry with him and that it would be necessary to see about the arrangement of a few things; that, on second thought, he had concluded to wait a few days before going, anyway. He was not so sure that he was needed. The girls laughed and the agent went into the office growling contemptuously about patriotism that didn't want to fight.

park and some of the cars will run to Fairmount and others to Independence, each car being designated in plain letters. The hotel at Fairmount, under the management of Mrs. Emma Mills, will serve a 6 o'clock dinner to-night and will be open regularly from now on. The cafe, this year under the management of Mrs. McLean, will open to-morrow. There will be no regular attraction at Fairmount to-morrow, but the boats will be ready in the lake and the usual park attractions will be running. The park looks very pretty this spring, and a strong campaign of amusements is being planned.

Washington park will not have regular attractions this season, but will be open to picnic parties. There will be the usual fishing, boating and bathing on the lake.

Troost park makes its opening bow to the public to-morrow with a military concert by Lenge's band from 3 to 6 o'clock in the afternoon. The chutes have been removed to Omaha and boating on the lake will be resumed. The cafe will be open. park and some of the cars will run to

MUSIC AND THE DRAMA.

The Baldwin-Melville company gave "The Octoroon" at the Coates last night. The engagement has been extended to include Sunday afternoon and night, and for the remaining performances the bills will be as follows: This afternoon, "Rip Van Winkle;" to-night, "Ten Nights in a Barroom;" to-morrow afternoon, "East Lynne;" to-morrow night, "The Devil's Web,"

The sale of seats will open Monday morning for the engagement of the Anna Held company at the Coates next Wednesday afternoon and night, and for "Shore Acres," which will be given at the same theater Thursday night and the remainder of the week.

"The Tarrytown Widow" will be given at the Grand all of next week, opening to-morrow afternoon. It is a new farce and one of the successes of the season. The last performances of "A Hot Old Time" will be given this afternoon and night. A new line of attractions will be given at the Orpheum the coming week, the bill including some of the most promising nov-elties yet announced by this management.

The last performance of "The District Fair" will be seen at the Gilliss by the Pearson stock company this afternoon and to-night.

A minstrel performance was given by the members of the Y. M. C. A. at the high school auditorium last night. An elaborate programme was prepared and was presented in a manner that reflected much credit upon the amateurs.

A Gathering of the Clans. A Gathering of the Clans.

The Kansas City Highland brigade enjoyed itself at a social dance and ice cream supper last night at Shrine hall. Before the dancing began, an excellent programme of half a dozen numbers was rendered by members of the "clan." James Taylor's dancing of the Highland fling and "Salior's Hornpipe" was a feature, and the blast of K. McDonald's bagpipes supplied all the inspiration necessary. At 9:30 o'clock the grand march was called and white haired Chief Ritchie and lady led out, preceded by the piper, who furnished the music until the dancers formed for the first quadrille.

To The Journal.

In to-day's Journal under the heading, "Morse Sentenced in Ohio," I notice that in writing up his antecedents you say, among other things:
"Re then went to Wichita, Kas., where he swindled the Bank of Commerce out of considerable money," etc.

This is not correct. One day last December the late Mr. H. A. Sheppard presented at our counter a draft upon the Chemical National bank, of New York, for about \$900, which draft was indorsed by J. G. Morse and also by Mr. Sheppard. We said to Mr. Sheppard that we could only take the paper for collection, which we did and as we did not succeed in realizing upon the draft, we naturally did not pay out anything an account of it. We have not lost a penny directly or indirectly through this man Morse, nor did we ever have any dealings with him.

As your article is thus calculated to mislead those who know and do business with us as to the care and conservative methods employed in our business transactions, we hope you will be kind enough to publish this correction with as much prominence as you did the article referred to. Respectfully,

A. C. JOBES, President.
